SUFFOLK GARDENS TRUST

We were founded in 1995 as a result of a rising interest in, and concern for, the county's gardens and gardening heritage.

Gardens have many levels of interest – as works of art; as historical or archaeological records; as sites of architectural, horticultural or scientific significance; through associations with notable people; or as important sources of spiritual and sensual enjoyment.

Many of Suffolk's gardens are internationally famous and attract thousands of visitors each year. Some are secure in the ownership of organisations like the National Trust or through the committed stewardship of their private owners, but others are vulnerable to decay, unsympathetic alteration and even total destruction. The SGT champions the care, conservation and recording of the county's gardens.

THE AIMS OF THE TRUST ARE TO:

- ❖ Stimulate an appreciation of Suffolk's gardens through visits, talks and publications
- ❖ Advance the understanding of Suffolk's garden heritage by promoting research and compiling a register of the county's historic and significant designed landscapes
- ❖ Promote and encourage the conservation and care of Suffolk's garden heritage by the dissemination of information and by considered involvement in the planning process
- ❖ Provide bursaries to support the training of a new generation of horticultural professionals
- ❖ Provide grants for garden-related projects that accord with our aims

BENEFITS OF MEMBERSHIP

- ❖ Visit gardens that are not usually open to the public
- ❖ Hear talks by experts about aspects of our gardening heritage
- ❖ Receive two full-colour newsletters a year
- ❖ Play an active part in the research, recording and conservation of Suffolk's gardens
